

Home And Community Care Support Services Central East
Accessibility for Ontarians with Disabilities Act Annual Status Report 2022

According to the Home and Community Care Support Services Central East Multi-year Accessibility Plan, all requirements within this plan are met within the mandatory timelines for 2010-2025.

Home and Community Care Support Services Central East continues to evolve the following:

- Ensuring website and web content is accessible based on the IASR requirements.
- Identifying and removing barriers.
- Upon request, meet the needs of those with accommodation requirements, both internally and externally.
- Ensure documents developed meet accessibility criteria.
- Continuously receive and respond to feedback in an accessible manner. Feedback is welcomed for continuous service improvements.
- Continuously improve and advance accessibility practices for both internal and external stakeholders.
