INITIAL ASSIGNMENT:	Rapid Response Nurse Program (SUD RRRN MI)
BARGAINING AGENT:	ONA
LOCATION:	Manitoulin Island
LANGUAGE(S):	English
EFFECTIVE DATE:	Immediately

Home and Community Care Support Services North East offers a wide-range of quality health-care services and resources to support people of all ages at home, school or in community. In addition to planning, delivering and coordinating care for thousands of people each day in Northeastern Ontario, we also manage eligibility and admissions to long-term care homes, short stay respite, assisted living, and adult day programs. We need caring, motivated people who are driven to help others and make difference in their community, to join our multi-disciplinary team.

POSITION SUMMARY:

The Registered Nurse - Rapid Response focuses on the care during transition from acute care to home care for eligible complex/chronic adults and medically fragile children.

NATURE & SCOPE:

- Provides the first in-home nursing visit within twenty-four (24) hours of hospital discharge for patients with complex/chronic diseases including CHF, COPD, Diabetes or other;
- Completes a clinical, problem-based head to toe assessment;
- Confirms the patient's hospital discharge plan;
- Performs medication reconciliation for patient and reviews medication protocol with patient and caregiver;
- Utilizes a "teach back" approach to help the patient and family understand the care plan, treatments, symptom management, and when/who to ask for help;
- Initiates communication with the patient's primary care provider, and ensures follow up with primary care within seven (7) days;
- Refers to longer-term community programs through the Care Coordinator as required, once goals of Rapid Response program are met.

QUALIFICATIONS:

- Registered Nurse in good standing with the College of Nurses of Ontario;
- Minimum 3-5 years clinical experience working as a Registered Nurse;
- Recent and relevant experience providing direct (hands-on) nursing care within the areas of Paediatrics, Chronic Disease Management, Medicine or Cardiology. Preference will be given to experience within the last 2-3 years;
- Certificate in Geriatric Nursing (GNC) or Certified Nurse in Critical Care Pediatrics (CNCCP) an asset;
- Superior clinical assessment skills;
- Ability to provide quality clinical service delivery in conjunction with patients and other stakeholders;
- Ability to work independently;
- Strong critical thinking and problem solving skills;
- Effective interpersonal and communications skills;
- Ability to provide health coaching and disease-specific education to patients;
- Advanced oral and written proficiency in English is essential;
- Must have valid driver's license and access to a vehicle, as travel to patient homes will be required;
- Valid Emergency First Aid Certification.

Less qualified candidates may be considered. However, candidates who meet all requirements will be given priority for an interview.
