

# Why I volunteer

## Angela Haier

Advisor

“When we worked with Ontario Health atHome to address supply challenges for my daughter’s care, I saw an opportunity to speak up and share my experience and input. Providing care for a loved one can feel like you are facing an uphill battle, all the time. I wanted to help make a difference for caregivers and that’s how I was introduced to the Community Engagement Program at Ontario Health atHome.

The entire program is so incredibly organized, and the team values honest feedback. The team respects our time and reports back on the engagement’s outcome. They make it very easy and are always there to help if we have a question or an issue. Honestly, it blows my mind!

With the help of the team and fellow Advisors, I believe we are making a lot of positive and helpful changes. I genuinely feel like I am a part of the team working to improve people’s experiences with Ontario Health atHome.”

### LEARN MORE ABOUT OUR ADVISORS

Advisors are patients, family members and caregivers with recent home and community care experience and an interest in sharing their time, experience and insights to help shape and improve care.
